LEARNING OBJECTIVES
1) Discuss outcomes of the ERAS protocol on surgical complications in a cohort of patients with abdominal hysterectomy
2) Identify risk factors for cord prolapse
3) Identify methods to secure uterine vessels during cesarean delivery
4) Discuss alternatives to opioid use after surgery
5) Discuss methods to improve healthcare through the ERAS protocol

TARGET AUDIENCE
This continuing medical education symposium is directed toward obstetricians, gynecologists, advanced practice nurses, maternal fetal medicine specialists, urologists, and any other healthcare professionals interested in contemporary medical education for physicians.

EDUCATIONAL METHOD
Lecture

EDUCATIONAL农历
A questionnaire will be used to evaluate and provide program content, presentation, and teaching style.

DISCLOSURE POLICY
To maintain the Accreditation Council for Continuing Medical Education’s (ACCME) and the Accreditation Council for Ambulatory Continuing Medical Education’s (ACAHE) policies of disclosure, all individuals in a position to control the content of an educational activity, including speakers, planners, authors, editors, reviewers, etc., must disclose any relationships with industry, in any form, that may have a direct or indirect influence on the presentation. If no relationships exist, the list must be empty.

SPECIAL ASSISTANCE
Contact Courtney Rupp at Courtney.Rupp@uth.tmc.edu for any special accommodation needs.

CANCELLATION/REFUND POLICY
Requests for registration refund must be in writing and received by the OCME at least 10 business days before the activity begins. The date the request is received shall be the date of consideration. If the registrant fails to receive the refund, the amount paid will be non-refundable. The registrant is responsible for any expenses incurred by the registrant in connection with the activity. The OCME reserves the right to cancel the activity if the number of participants falls below the minimum required for the activity to proceed. The OCME reserves the right to cancel the activity if the number of participants falls below the minimum required for the activity to proceed. The OCME reserves the right to cancel the activity if the number of participants falls below the minimum required for the activity to proceed.
