NEEDS
This conference focuses on current controversies and innovative diagnostic and treatment strategies for some of the most common urologic problems faced by clinical urologists in the region. The rapidly changing health care environment and pace of technologic innovations in medicine require urologists to keep abreast of state-of-the-art diagnosis and management of urologic disease.

TARGET AUDIENCE
This activity is designed for specialists in urology.

OBJECTIVES
At the conclusion of the course, participants should be able to:

• Manage patients treated for prostate cancer based on the recommendations of the American Urological Association, including monitoring prostate-specific antigen (PSA) levels to detect recurrent disease.
• Describe and discuss the pathophysiology, diagnosis, and treatment of men with Peyronie’s disease.
• Implement screening protocols for identifying patients with low testosterone levels and treat appropriately.
• Evaluate and treat patients with non-muscle invasive bladder cancer based on the American Urological Association guidelines.
• Apply the guidelines of the American Urological Association in the assessment and management of patients with clinical stage 1 masses.

EVALUATION
Evaluation by questionnaire will address program content, presentation, and possible bias.

ACCREDITATION/CREDIT DESIGNATION
Baylor College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Baylor College of Medicine designates this live activity for a maximum of 12.0 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

FEE, REGISTRATION AND CONFIRMATION INFORMATION
Refer to the registration form for the fee schedule. Your registration will not be processed until payment is received. Your registration will be confirmed. If you have not received confirmation at least five business days before the activity start date, contact the Office of Continuing Medical Education (OCME) immediately.

If you plan to register on-site, contact OCME at least 24 hours in advance to confirm activity status and space availability. The OCME reserves the right to limit the number of participants in an activity and will not be responsible for any expenses incurred by an individual whose registration is not confirmed and for whom space is not available.

To register/pay online visit the activity website at BaylorCME.org/CME/1475 and follow the instructions.

CANCELLATION/REFUND POLICY
Requests for registration refunds must be in writing and received by the OCME at least 10 business days before the activity begins. The date the request is received by the OCME will be considered the cancellation date. Requests received after the refund deadline will not be processed. Cancellations are subject to a $50 administrative fee deducted from the registration fee paid to cover guarantees and other expenses. Requests should be mailed to the OCME or faxed to 713.798.7955.

The OCME reserves the right to cancel activities, not less than 10 business days before the scheduled date, if extenuating circumstances make it necessary. Registrants will be notified at the contact number indicated on the registration form followed by written notification. If an activity is cancelled, OCME's liability is limited to the registration fee paid. Note: If payment is made by check, a social security number is required to process the refund.

DISCLOSURE
In order to meet the requirements of the Accreditation Council for Continuing Medical Education it is the policy of Baylor College of Medicine that all individuals who are in a position to control the content of a CME activity (activity director, planning committee members, and faculty) disclose relevant financial relationships with commercial interests. All identified conflicts of interest are managed to help ensure that the educational material is scientifically based, accurate, and objectively presented. Specific disclosure will be made to the participants prior to the educational activity.

Faculty, topics, program schedule, and credit are subject to change. Audio or videotaping is prohibited without written permission from the Activity Director and the Office of Continuing Medical Education, Baylor College of Medicine, Houston, Texas.

After the conference sessions, be sure to include plans to attend the 23rd Annual Santa Fe Wine & Chile Fiesta. Events feature the culinary artistry found in Santa Fe, New Mexico’s many excellent restaurants coupled with the sophistication and wines of national wineries.

By bringing 90 national wineries to Santa Fe to partner with 75 of Santa Fe’s best restaurants, a five day schedule of food and wine events is created featuring cooking demos, wine seminars, winery luncheons and dinners. The weekend culminates with the Grand Tasting at the Santa Fe Opera where all 75 participating Santa Fe restaurants and all 90 wineries serve samples of their best food and wine. Diehard foodies trek here from around the country to be a part of the Fiesta, as well as enjoy tours of New Mexico’s historic homes and other intriguing sites. For more information, go to santafewineandchile.org.
