NEEDS STATEMENT
The goal of this activity is to review current and new approaches in diagnostic imaging for women’s health care and to outline the most effective ways to integrate this information into clinical practice. Updating health professionals in the diagnosis and therapy of disorders relevant to obstetrics and gynecology is essential to providing quality care leading for improved patient outcomes.

TARGET AUDIENCE
Obstetricians, gynecologists, radiologists and sonographers

OBJECTIVES
At the conclusion of the conference, participants should be able to:
• Recognize and evaluate congenital anomalies of the fetal brain, chest and heart using prenatal ultrasound or MRI
• Describe how advanced diagnostic imaging technologies (3D/4D ultrasonography and MRI) can be used to evaluate fetuses with congenital anomalies and patients with gynecological disorders
• Explain how diagnostic ultrasonography can be used to evaluate pelvic pain and abnormal bleeding and to detect adnexal masses including ectopic pregnancy
• Explain how diagnostic imaging can be used to evaluate twins for pregnancy complications such as intrauterine growth restriction, premature delivery and twin-twin transfusion syndrome
• Identify the main factors associated with medicolegal complications in diagnostic imaging practice and list strategies for minimizing liability in women’s health care

EDUCATIONAL METHODS
Lecture  |  Case Presentation  |  Question and Answer Sessions  |  Interactive Audience Response System  |  Live Scan Demonstrations

EVALUATION
Evaluation by questionnaire will address program content, presentation and possible bias.

ACCREDITATION / CREDIT DESIGNATION
Baylor College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Baylor College of Medicine designates this live activity for a maximum of 14.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

DISCLOSURE
In order to meet the requirements of the Accreditation Council for Continuing Medical Education, it is the policy of Baylor College of Medicine that all individuals who are in a position to control the content of a CME activity (activity director, planning committee members and faculty) disclose relevant financial relationships with commercial interests. All identified conflicts of interest are managed to help ensure that the educational material is scientifically based, accurate and objectively presented. Specific disclosure will be made to the participants prior to the educational activity.
