Minimally Invasive Surgery

Thursday, May 6 thru Saturday, May 8, 2004

The Hyatt Regency Hill Country Resort and Spa
9800 Hyatt Resort Drive, San Antonio, Texas

Program Director: John F. Sweeney, MD
Program Co-Director: Morris E. Franklin, Jr, MD
Conference Coordinator: Monica Flinn, RN
Conference Coordinator: Tamara C. Greiner, MA

Conference Overview
The educational goal of this activity is to teach minimally invasive surgical techniques to members of the surgical community. This course is designed for physicians who diagnose and treat general, colorectal, endocrine or oncologic surgical diseases, including general surgeons and surgical residents and fellows. Nationally recognized experts including guest faculty and Baylor College of Medicine faculty will present state-of-the-art developments in minimally invasive surgical techniques in the diagnosis and management of a variety of adult diseases. The program is divided into three half-day didactic sessions and two workshop sessions, with extensive opportunity for direct, one-on-one interaction with the course faculty and for the presentation of video footage of actual operations. Participants enrolled in the Laboratory Sessions will perform multiple laparoscopic procedures on porcine models including Nissen fundoplication, splenectomy, herniorrhaphy, colectomy, Roux-En-Y bypass and intracorporeal bowel anastomosis as well as practice intracorporeal suturing techniques.

Target Audience
Physicians practicing in the fields of general surgery and colorectal surgery.

Objectives
At the conclusion of the activity, the participant should be able to describe and assess indications, techniques, outcomes, and complications for:

- laparoscopic inguinal and ventral hernia repairs
- laparoscopic splenectomy
- medical and laparoscopic surgical management of gastro-esophageal reflux disease
- laparoscopic colon resections for benign and malignant disease
- latest minimally invasive techniques in the management of pancreatic pseudocysts
- laparoscopic approach to adrenalectomy
- minimally invasive surgery for morbid obesity
- medical and surgical management of cholelithiasis and choledocholithiasis

Educational Methods
- Lectures
- Round Table Discussions
- Syllabus
- Laboratory Sessions

Evaluation
Evaluation by questionnaire will address program content, presentation, and possible bias.

Accreditation / Credit Designation
Baylor College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Baylor College of Medicine designates this educational activity for a maximum of 22.0 category 1 credits toward the AMA Physician’s Recognition Award. Each physician should claim only those credits that he/she actually spent in the activity.

It is the policy of Baylor College of Medicine (Baylor) that the provider and faculty/presenters disclose any significant financial or other relationships with commercial companies whose products may be discussed in the activity, or the commercial supporters, if any. Baylor also requires that faculty disclose any unlabeled use or investigational use (not yet approved for any purpose) of pharmaceutical and medical device products. Specific disclosure will be made to the participants prior to the educational activity.
PROGRAM

Thursday, May 6

COLON AND FOREGUT  Moderator: Morris E. Franklin, Jr, MD

7:00AM  Registration and Continental Breakfast

7:20  Welcoming Remarks/Announcements

7:30  Laparoscopic Colorectal Surgery: Getting Started (overview)
  John F. Sweeney, MD

7:45  Laparoscopic – Assisted Colonoscopic Polypectomy
  Morris E. Franklin, Jr, MD

8:00  Laparoscopic Colectomy
  William E. Fisher, MD

8:15  Laparoscopic Right Hemicolecctomy
  F. Charles Brunicardi, MD

8:30  Laparoscopic Sigmoid Colectomy
  John F. Sweeney, MD

8:45  Laparoscopic Total Mesorectal Excision
  Morris E. Franklin, Jr, MD

9:00  Port Site Metastases: Fact or Fiction
  Edward H. Livingston, MD

9:15  Oncologic Consequences of Laparoscopic Colon Resection for Malignancy
  Morris E. Franklin, Jr, MD

9:30  Round Table Discussion
  Moderator: Morris E. Franklin, Jr, MD

9:45  Break and view exhibits

10:00  Indications and Work-up for Anti-Reflux Surgery
  F. Charles Brunicardi, MD

10:15  Surgical Management of GERD: Nissen vs Toupet vs Dorr
  Alexander S. Rosemurgy, MD

10:30  Telerobotic Esophageal Surgery
  W. Scott Melvin, MD

10:45  Surgical Therapy of Failed Anti-Reflux Procedures
  Alexander S. Rosemurgy, MD

11:00  Surgical Management of Achalasia
  W. Scott Melvin, MD

11:15  Gastrointestinal Intestinal Stromal Tumors (GIST): Laparoscopic Management
  William E. Fisher, MD

11:30  Long Term Follow-up of Anti-reflux Procedures & Barrett's Esophagus
  Morris E. Franklin, Jr, MD

11:45  Surgical Simulation: A New Paradigm For Learning
  Daniel B. Jones, MD

12:00PM  Round Table Discussion
  Moderator: John F. Sweeney, MD

12:30PM  Lunch

1-5PM  Animate Lab (Laparoscopic Colon Resection, Laparoscopic Foregut and Laparoscopic Hernia Repairs)
  Limited Space Available

1-3PM  Bariatric Surgery: “Starting from Scratch”

1-3PM  Video Editing: "What you need to know to get started"

1-5PM  Dry Lab: Simulators and Laparoscopic Skills Stations

9:00AM  Continental Breakfast

10:30  Laparoscopic Cholecystectomy in Elderly Patients:
  Gold Standard for Golden Years?
  Juliane Bingener-Casey, MD

10:45  Unexpected Findings at Laparoscopic Cholecystectomy: Gall Bladder Cancer
  John F. Sweeney, MD

11:00  Laparoscopic Management of Cholecdocholithiasis
  Morris E. Franklin, Jr, MD

11:15  Laparoscopic Hepatic Resection
  John F. Sweeney, MD

12:00PM  Round Table Discussion
  Moderator: Morris E. Franklin, Jr, MD

12:30PM  Lunch

1-5PM  Animate Lab (Laparoscopic Banding & Roux-En-Y Gastric Bypass)

11:45  Laparoscopic Esophageal Surgery
  W. Scott Melvin, MD

10:30

Friday, May 7

SOLID ORGAN AND HEPATO-BILIARY DISEASE  Moderator: John F. Sweeney, MD

7:30AM  Buffet Breakfast

8:00  Laparoscopic Splenectomy:
  Technical Pearls
  John F. Sweeney, MD

8:15  Minimally Invasive Management of Splenic Cysts
  Robert Davis, MD, Bch

8:30  Laparoscopic Pancreatic Surgery
  F. Charles Brunicardi, MD

8:45  Robotic Resection of Pancreatic Neuroendocrine Tumors
  W. Scott Melvin, MD

9:00  Staging Laparoscopy in Pancreatic Cancer
  William E. Fisher, MD

9:15  Laparoscopic Management of Pancreatic Pseudocysts
  William E. Fisher, MD

9:30  Laparoscopic Adrenalectomy:
  Lateral vs Anterior Approach
  Robert Davis, MD, Bch

9:45  Round Table Discussion
  Moderator: Morris E. Franklin, Jr, MD

10:00  Break and view exhibits

10:15  Laparoscopic Cholecystectomy:
  Avoiding and Managing Complications
  W. Scott Melvin, MD

10:30  Laparoscopic Cholecystectomy
  in Elderly Patients:
  Gold Standard for Golden Years?
  Juliane Bingener-Casey, MD

10:45  Unexpected Findings at Laparoscopic Cholecystectomy: Gall Bladder Cancer
  John F. Sweeney, MD

11:00  Laparoscopic Management of Cholecdocholithiasis
  Morris E. Franklin, Jr, MD

11:15  Laparoscopic Hepatic Resection
  John F. Sweeney, MD

11:30  Round Table Discussion
  Moderator: Morris E. Franklin, Jr, MD

11:45  Lunch

1-5PM  Animate Lab (Laparoscopic Banding & Roux-En-Y Gastric Bypass)

11:45  Surgical Simulation: A New Paradigm For Learning
  Daniel B. Jones, MD

12:30PM  Round Table Discussion
  Moderator: Morris E. Franklin, Jr, MD

12:30PM  Lunch

1-5PM  Animate Lab (Laparoscopic Banding & Roux-En-Y Gastric Bypass)

11:45  Laparoscopic Esophageal Surgery
  W. Scott Melvin, MD

10:30

Saturday, May 8

BARIATRIC SURGERY  Moderator: John F. Sweeney, MD

7:00AM  Continental Breakfast

7:30  Morbid Obesity in the US:
  A Real Epidemic
  William E. Fisher, MD

7:45  Perioperative Considerations in Bariatric Surgery
  Stephanie Jones, MD

8:00  Roux-En-Y Gastric Bypass:
  Bariatric Procedure of Choice?
  Robert Davis, MD, Bch

8:15  Laparoscopic Roux-En-Y Gastric Bypass (LRYGB):
  Indications and Technique
  John F. Sweeney, MD

8:30  Management of Perioperative Complications Following LRYGB
  Edward H. Livingston, MD

8:45  GERD and the Bariatric Patient
  W. Scott Melvin, MD

9:00  Restrictive Bariatric Procedures: LapBand
  Daniel B. Jones, MD

9:15  Clinical Care of the Bariatric Patient
  Mary D. Meola, RN

9:45  Round Table Discussion
  Moderator: John F. Sweeney, MD

10:00  Break and view exhibits

10:15  Laparoscopic Inguinal Hernia Repair:
  Indications and Technique
  William E. Fisher, MD

11:00  Laparoscopic Inguinal Hernia Repair: Outcomes
  Juliane Bingener-Casey, MD

11:15  Laparoscopic Incisional Hernia Repair: Indications and Technique
  John F. Sweeney, MD

11:30  Laparoscopic Supraumbilical Incisional Hernia Repair
  Morris E. Franklin, Jr, MD

11:45  Round Table Discussion
  Moderator: Morris E. Franklin, Jr, MD

12:30PM  Lunch

1-5PM  Animate Lab (Laparoscopic Banding & Roux-En-Y Gastric Bypass)

11:45  Surgical Simulation: A New Paradigm For Learning
  Daniel B. Jones, MD

12:30PM  Round Table Discussion
  Moderator: Morris E. Franklin, Jr, MD

12:30PM  Lunch

1-5PM  Animate Lab (Laparoscopic Banding & Roux-En-Y Gastric Bypass)

11:45  Laparoscopic Esophageal Surgery
  W. Scott Melvin, MD

10:30

As of the printing of this brochure, this conference is supported by unrestricted educational grants from: Aloka Ultrasound, Cook Surgical, Karl Storz Endoscopy-America, Inc., LeMaitre Vascular, Lexion Medical, Stryker Endoscopy, United States Surgical, W.L. Gore & Associates.
Fee, Registration and Confirmation Information

Refer to the registration form for the fee schedule. Your registration will not be processed until payment is received. Your registration will be confirmed. If you have not received confirmation at least 5 business days before the activity start date, contact the Office of Continuing Medical Education (OCME) immediately. If you plan to register on-site, contact OCME at least 24 hours in advance to confirm activity status and space availability. The OCME reserves the right to limit the number of participants in an activity and will not be responsible for any expenses incurred by an individual whose registration is not confirmed and for whom space is not available. Continental breakfasts, breaks, reception and course syllabus are included in the registration fee. Each laboratory session must be purchased separately, and reception attendance must be indicated on the registration form.

Cancellation/Refund Policy

Requests for registration refunds must be in writing and received by the Office of Continuing Medical Education (OCME) at least 10 business days before the activity begins. The date the request is received by the OCME will be considered the cancellation date. Requests received after the refund deadline will not be processed. Cancellations are subject to a $50 administrative fee deducted from the registration fee paid to cover guarantees and other expenses. Requests should be mailed to the OCME or faxed to (713) 798-7955. The OCME reserves the right to cancel activities, not less than 10 business days before the scheduled date, if extenuating circumstances make it necessary. Registrants will be notified at the contact number indicated on the registration form followed by written notification. If an activity is cancelled, OCME’s liability is limited to the registration fee paid.

Conference Location and Accommodations

The Hyatt Regency Hill Country Resort and Spa prior to April 12, 2004; reservations made after that date are subject to availability. Please identify yourself with the Baylor Lone Star Update on Minimally Invasive Surgery when making reservations in order to benefit from the special group rate ($179.00 single/double). Please make hotel reservations early – a limited number of rooms have been blocked for the conference. The Hyatt Regency Hill Country Resort and Spa has extended the Baylor Lone Star Update attendees a 25% discount for their Mother’s Day Brunch on Sunday, May 9, 2004. You may make reservations directly with the hotel. Please identify yourself with the Baylor Lone Star Update when making reservations in order to benefit from the special discount.
