Houston, Texas

Presented by
Baylor College of Medicine
Department of Pediatrics
Section of Endocrinology
Houston, Texas

ETHICS/PROFESSIONAL RESPONSIBILITY CREDIT AVAILABLE
Pediatric Endocrinology for the Primary Care Provider

Saturday, November 10, 2007

Feigin Center Conference Room, Texas Children’s Hospital
1102 Bates Street, 1st Floor, Houston, Texas

Activity Directors:  Katherine Hwu, MD
                    Morey W. Haymond, MD

Activity Coordinator:  Theresa M. Hartley

Needs
Type 1 diabetes mellitus is one of the most common chronic diseases in childhood. Children and adolescents with diabetes differ from adults in many respects, and these differences must be considered by the primary care provider in the care and management of these special population patients. Also, pediatric patients with diabetes who have associated medical conditions present special challenges. For example, children and adolescents with Type 1 diabetes are at increased risk for developing other autoimmune conditions, including thyroid disorders. However, the interpretation of thyroid and other clinical test results in pediatric patients, especially the diabetic patient, is not always straightforward and requires careful consideration. Careful adjustment of insulin regimens to maintain glycemic control is also required for diabetics with acute minor illnesses such as gastroenteritis. This activity will provide primary care providers with an awareness of emerging treatments and technologies and how to incorporate these advances into clinical practice outcomes.

Target Audience
This activity is intended for physicians in the specialties of pediatrics, family practice, general practice, and internal medicine.

Objectives
At the conclusion of the activity, the participant should be able to:
• Identify/use criteria for the diagnosis of diabetes
• Differentiate between Type 1 and Type 2 diabetes mellitus
• Understand that Type 1 diabetes is a state of insulin insufficiency and that insulin is an essential hormone
• Describe basic issues with the care of the sick diabetic patient
• Assess potential pitfalls in interpreting thyroid and other clinical laboratory test results in patients with Type 1 diabetes
Educational Methods
Lectures • Question and Answer Session • Work Station Demonstrations • Syllabus

Evaluation
Evaluation by questionnaire will address program content, presentation, and possible bias.

Accreditation/Credit Designation
Baylor College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Baylor College of Medicine designates this educational activity for a maximum of 5.25 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

The presentation, The Ashley Treatment, has been designated by Baylor College of Medicine for 1.0 hour of education in medical ethics and/or professional responsibility.

In order to meet the requirements of the Accreditation Council for Continuing Medical Education it is the policy of Baylor College of Medicine that all individuals who are in a position to control the content of a CME activity (activity director, planning committee members, and faculty) disclose relevant financial relationships with commercial interests. All identified conflicts of interest are managed to help ensure that the educational material is scientifically based, accurate, and objectively presented. Specific disclosure will be made to the participants prior to the educational activity.

Faculty, topics, program schedule, and credit are subject to change.

Audio or videotaping is prohibited without written permission from the Activity Director and the Office of Continuing Medical Education, Baylor College of Medicine, Houston, Texas.
**Fee, Registration & Confirmation Information**

Refer to the registration form for the fee schedule. Your registration will not be processed until payment is received. Your registration will be confirmed. If you have not received confirmation at least 5 business days before the activity start date, contact the Office of Continuing Medical Education (OCME) immediately.

If you plan to register on-site, contact OCME at least 24 hours in advance to confirm activity status and space availability. The OCME reserves the right to limit the number of participants in an activity and will not be responsible for any expenses incurred by an individual whose registration is not confirmed and for whom space is not available.

To register/pay online visit the activity website at [www.BaylorCME.org/1384](http://www.BaylorCME.org/1384) and follow the instructions.

**Cancellation/Refund Policy**

Requests for registration refunds must be in writing and received by the Office of Continuing Medical Education (OCME) at least 10 business days before the activity begins. The date the request is received by the OCME will be considered the cancellation date. Requests received after the refund deadline will not be processed. Cancellations are subject to a $50 administrative fee deducted from the registration fee paid to cover guarantees and other expenses. Requests should be mailed to the OCME or faxed to 713.798.7955.

The OCME reserves the right to cancel activities, not less than 10 business days before the scheduled date, if extenuating circumstances make it necessary. Registrants will be notified at the contact number indicated on the registration form followed by written notification. If an activity is cancelled, OCME’s liability is limited to the registration fee paid.

Note: If payment is made by check, a social security number is required to process refund.
