Register online at BaylorCME.org/CME/1506
Activity Planning Committee

John M. Oldham, MD, MS  |  Activity Director
David B. Arciniegas, MD  ■  William Gaupp, MBA  ■  Thomas R. Kosten, MD
James W. Lomax II, MD  ■  Stuart C. Yudofsky, MD  ■  Liz Golmon

Activity Faculty

Faculty are affiliated with the Baylor College of Medicine (BCM), Menninger Department of Psychiatry and Behavioral Sciences, Houston, Texas unless noted otherwise.

David B. Arciniegas, MD
Senior Scientist and Medical Director for Brain Injury Research
The Institute for Rehabilitation and Research Memorial Hermann
Beth K. and Stuart C. Yudofsky Chair in Brain Injury Medicine
Executive Director, Beth K. and Stuart C. Yudofsky Division of Neuropsychiatry
Professor of Psychiatry, Neurology, and Physical Medicine & Rehabilitation

C. Edward Coffey, MD
President and Chief Executive Officer
The Menninger Clinic
Professor of Psychiatry & Behavioral Sciences, and of Neurology

Marie A. DeWitt, MD
Staff Physician, Mental Health Care Line
Michael E. DeBakey VA Medical Center
Assistant Professor of Psychiatry and Behavioral Sciences

Robin A. Hurley, MD
Professor of Psychiatry and Radiology
Wake Forest School of Medicine
Associate Chief of Staff, Research and Academic Affairs
Academic Affiliations Officer, Veterans Integrated Service Networks (VISN) 6
Associate Director of Education, VISN 6 Mental Illness Research, Education and Clinical Centers
Salisbury Veterans Affairs Medical Center
Clinical Professor of Psychiatry and Behavioral Sciences
Baylor College of Medicine

John M. Oldham, MD, MS
Senior Vice President and Chief of Staff
The Menninger Clinic
Barbara and Corbin Robertson Jr. Endowed Chair for Personality Disorders
Professor and Executive Vice Chair

Ronald C. Petersen, MD, PhD
Professor of Neurology
Distinguished Mayo Clinic Investigator
Cora Kanow Professor of Alzheimer’s Disease Research
Cadieux Director, Mayo Alzheimer’s Disease Research Center
Director, Mayo Clinic Study of Aging
Rochester, Minnesota

Paul E. Schulz, MD
Professor of Neurology
Director, Memory Disorders and Dementia Clinic
Director, Neuropsychiatry and Behavioral Neurology Fellowship
The University of Texas Health Science Center at Houston

Stuart C. Yudofsky, MD
D.C. and Irene Ellwood Professor and Chairman
Drs. Beth K. and Stuart C. Yudofsky
Presidential Chair in Neuropsychiatry and Distinguished Service Professor
Needs Statement
There is increasing recognition of the profound impact on quality of life that can accompany impairment in cognitive functioning. New diagnostic technology makes it possible to localize foci of dysfunction in many conditions, such as mild traumatic brain injury, post-stroke dementia, age-associated cognitive decline, and many others. Neurostimulation interventions such as FDA-approved rTMS are being increasingly utilized in clinical practice, and new brain stimulation technologies are rapidly being developed. This progress in identifying, understanding, and intervening with respect to impairments in cognition is critically important, to equip clinicians to provide state-of-the-science, evidence-based care for these growing patient populations.

Target Audience
This activity is designed for specialists in psychiatry and may also be of interest to other health care and mental health care professionals

Objectives
At the conclusion of this activity, participants should be able to:

• Identify the latest developments in the conceptualization, diagnosis, treatment and prognosis of the major neurocognitive disorders.
• Apply the principles of cognitive examination to the evaluation of persons with suspected neurocognitive disorders.
• Categorize the strengths and weaknesses of the currently available neuroimaging techniques, as well as appraise imaging techniques on the horizon.
• Identify features of delirium, state the adverse outcomes associated with delirium, recognize evidence-based prevention techniques, and describe recommended management interventions.
• Restate the definitions of the legal terms: capacity, competency, guardianship, financial power of attorney, and medical power of attorney.
• Analyze how capacity and competency are assessed and how they relate to guardianship and medical power of attorney.
• List the neuropsychiatric functions that must work properly for a person to have capacity and discuss how the loss of certain neurologic functions leads to incapacity.
• Advise families on the aspects of guardianship and medical power of attorney, albeit with legal counsel.
• Perform a standardized capacity assessment.
• Identify individuals with cognitive impairment, assess them accurately, and provide a plan of care.

Educational Methods
- Lecture

Evaluation
Evaluation by questionnaire will address program content, presentation, and possible bias.
Accreditation/Credit Designation

Baylor College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. Baylor College of Medicine designates this live activity for a maximum of 6.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The presentation, Ethical and Medicolegal Aspects of Cognitive Dysfunction, has been designated by Baylor College of Medicine for 1.0 credit of education in medical ethics and/or professional responsibility.

Fee, Registration and Confirmation Information

Refer to the registration form for the fee schedule. Your registration will not be processed until payment is received. Your registration will be confirmed. If you have not received confirmation at least five business days before the activity start date, contact the Office of Continuing Medical Education (OCME) immediately at CME@bcm.edu or call 713.798.8237.

If you plan to register on-site, contact the OCME at least 24 hours in advance to confirm activity status and space availability. The OCME reserves the right to limit the number of participants in an activity and will not be responsible for any expenses incurred by an individual whose registration is not confirmed and for whom space is not available.

To register/pay online visit the activity website at BaylorCME.org/CME/1506 and follow the instructions.

Cancellation/Refund Policy

Requests for registration refunds must be in writing and received by the OCME at least 10 business days before the activity begins. The date the request is received by the OCME will be considered the cancellation date. Requests received after the refund deadline will not be processed. Cancellations are subject to a $50 administrative fee deducted from the registration fee paid to cover guarantees and other expenses. Requests should be mailed to the OCME or faxed to 713.798.7955.

The OCME reserves the right to cancel activities, not less than 10 business days before the scheduled date, if extenuating circumstances make it necessary. Registrants will be notified at the contact number indicated on the registration form, followed by written notification. If an activity is cancelled, OCME’s liability is limited to the registration fee paid. Note: If payment is made by check, a social security number is required to process the refund.

Disclosure

In order to meet the requirements of the Accreditation Council for Continuing Medical Education it is the policy of Baylor College of Medicine that all individuals who are in a position to control the content of a CME activity (activity director, planning committee members, and faculty) disclose relevant financial relationships with commercial interests. All identified conflicts of interest are managed to help ensure that the educational material is scientifically based, accurate, and objectively presented. Specific disclosure will be made to the participants prior to the educational activity.
Friday, October 23, 2015

7:30 AM  Registration and Continental Breakfast

8:30  Welcome and Introduction  
                   John M. Oldham, MD, MS

8:45  The Major Neurocognitive Disorders: A Clinical Approach  
                   C. Edward Coffey, MD

9:45  Cognitive Examination: Principles and Practice  
                   David B. Arciniegas, MD

10:45  BREAK

11:15  Windows to the Brain: Updates in Neuroimaging for Cognitive Impairment  
                   Robin A. Hurley, MD

12:15 PM  LUNCH

1:30  Delirium: Acute Brain Injury  
                   Marie A. DeWitt, MD

2:30  Ethical and Medicolegal Aspects of Cognitive Dysfunction  
                   Paul E. Schulz, MD

3:30  Early Cognitive Decline and Aging  
                   Ronald C. Petersen, PhD, MD

4:30  Closing Remarks  
                   Stuart C. Yudofsky, MD

4:45  Adjourn

Faculty, topics, program schedule, and credit are subject to change. Audio or videotaping is prohibited without written permission from the Activity Director and the OCME, Baylor College of Medicine, Houston, Texas.
Conference Location
Baylor College of Medicine
Bobby R. Alford Education Center
McNair Campus
7200 Cambridge Street
Houston, TX 77030

Hotel Accommodations
There are several hotels in close proximity to the conference location, including the following:
• The Marriott at the Texas Medical Center
• Hilton Houston Plaza/Medical Center
• Hotel ZaZa

Please note that room blocks have not been secured at any of these hotels. Participants are responsible for making their hotel arrangements.

Attire
Attire for the conference is business casual. Since meeting room temperatures and personal comfort levels vary, it is recommended that you bring a sweater or jacket.

Parking
Parking is available underground at the McNair Campus building. The cost for parking per day is $12.
Registration
